Opened a tavern at Praia das Mações, where he began serving fried or roasted veal steaks inside a flavorful bread. The tavern, known as "A Taberna do Prego", quickly became famous for its snack. The simple yet delicious combination of meat in bread won over beach.

## Brás

The tavern keeper from Bairro Alto, used leftover cod to prepare quick and flavorful meals for the local workers. He shredded the cod and mixed it with crispy potatoes, fried onions, scrambled eggs, olives, and chopped parsley.

Was known for his culinary skills and his ability to create unique and delicious dishes. He used unusual ingredients for the time, such as bacon from ham, which gives the pudding a distinct texture and flavor.
